Each piece is meticulously designed using the finest materials, from polished and bold metals to velvety Rubelli textiles, embossed and patterned with the most representative elements of The Gritti Palace.

The Collection features:

CandleHolder, with its circular brass plate creates a play of light and shadows shaped upon the iconic windows contours of The Gritti Palace main facade.

Hand Towel Holder and Tissue Box, set with strict angles and minimal aesthetic, mellowed by a carved naif pattern dedicated to The Gritti Palace. Sophisticated brass elements enhance the composition.

Square Vessel, where the iconic Gritti emblems embossed on the sides pre announce the sophistication of Rubelli internal textile, for a journey through the history of the lagoon city.
